## \$1,350,000 DEVELOPMENT ON BIG PELICAN LAKE

### CAPT. FAWCETT OPENS 350 ACRES, SUMMER COTTAGES

CONGREGATIONAL CONFERENCE  
DELEGATES SEE LOTS  
STAKED

HUGE PROMOTION PLAN BRINGS  
BUSINESS TO BRAINERD  
TRADE AREA

A \$1,350,000 development, including the opening of 350 acres of land on Big Pelican lake for summer cottages, is planned by Captain William H. Fawcett, Minneapolis publisher and owner of Breezy Point lodge.

Congregational convention delegates at the lodge yesterday saw a large tract of land all staked out for lots. This huge development plan will bring to the Brainerd trade area another permanent colony of summer resorters. With Captain Fawcett's well known successful methods of advertising and promotion, the success of the venture seems assured.

Breezy Point Lodge is the most widely known resort in the Brainerd Lake Region and its appointments and the service accorded have made it famous. The golf links will be improved, the nine hole course being transformed to an 18 hole course.

That Captain Fawcett is regaining his pep and vigor is noticeable from the fact that at the last Fort Snelling trap shoot he broke 50 straight, winning the tournament there. When a man's shooting eye is working good, then the whole human machinery must be functioning 100 per cent.

### FOURTH MAN IS CONVICTED OF BANK ROBBERY

Anoka, May 14.—(UP)—Under heavy guard Clarence Eaton of Des Moines, Ia., the fourth man to be convicted of robbing the Anoka National bank, was taken to the Stillwater penitentiary to begin serving a life term.

Despite his counsel's attempts to build up an alibi, a jury found him guilty after two hours deliberation Wednesday night. One woman was on the jury.

Eaton testified he was a rum runner between the Twin Cities and Des Moines, but denied being in Anoka the day the bank was robbed.

Last week three others, John Anderson, Tom Colcord and Charles Salme, tried jointly, were found guilty of complicity and given life terms.

Charged with being the leader of the bandit quartet, Eaton tried to prove through an automobile mechanic, two detectives and a newspaper man, that he had been in St. Paul when the bank was looted.

Called by the prosecution, three of four persons who were in the bank during the robbery were positive in their identification of Eaton as one of the robbers. They told of being herded into the vault while the bandits escaped with \$11,500 from the cash drawers.

### DOROTHY UTLEY HAS FINE TIME

BEMIDJI GIRL, WINNER OF ES-  
SAY CONTEST, GIVEN  
HONORS

Washington, May 14.—(UP)—Dorothy Utley, Bemidji, Minn., winner of the national educational board safety contest for elementary schools, is having a more glorious time here than Alice in Wonderland.

Dorothy has been received by President Coolidge, who presented her with a certificate of award for her composition on "My Conduct on Street and Highway." She was presented a platinum watch at a luncheon, feted at a dinner and entertained at the theatre.

Yesterday Dorothy went to Mount Vernon and visited Arlington cemetery. The National Grange gave her a luncheon yesterday afternoon and last night she went to another theatre.

Dorothy received her first thrill when she rode on an elevator in Chicago while coming east and another treat in store will be her first ride on a street car.

She has called on cabinet officers, government officials, Mrs. John Sherman, president of the Women's Federation of Clubs, and Mary Roberts Rhinehart, authoress, who was one of the judges in the safety contest. Dorothy will leave for home with her mother Friday night.

### INADVERTENTLY LEFT \$25,000 JEWELS IN A TAXICAB

New York, May 14.—(UP)—Frank Heffelfinger and wife of Minneapolis, left jewels worth \$25,000 in a taxicab here late yesterday, forgetting the jewel case as they dismissed the cab at a railway station.

A Mrs. Phillips of Raleigh, New York, through her attorney today notified police she hired the cab after the Heffelfingers and had found the jewel case. She had taken it with her when she left the cab and had communicated with her lawyer. The jewels will be returned as soon as formal identification is made.

### RESORTS TO DYNAMITE TO STOP ADVANCE

MARSHAL SIKORSKI TRIES TO  
BLOCK PILSUD-  
SKI

LATTER AIMS ON ESTABLISHING  
HIMSELF AS POLISH  
DICTATOR

Berlin, May 14.—(UP)—Marshal Sikorski has resorted to dynamite to hinder the efforts of Marshal Pilsudski to establish himself in the position of dictator of Poland, dispatches from Posen said today.

Sikorski's troops dynamited a bridge across the river Bug, compelling some Pilsudski contingents which were en route to Warsaw to turn back to Bialystok.

Berlin, May 14.—Several members of the Witos government have fled Warsaw, dispatches received here said today. It was presumed the members of the government are those who escaped when Marshal Pilsudski captured the presidential palace today.

LABOR ASSISTS  
MARSHAL PILSUDSKI

Warsaw, May 14.—Labor today came to the assistance of Marshal Pilsudski in his revolutionary effort to turn Premier Witos out of power.

After arrival of a detachment of anti-Pilsudski troops commanded by Marshal Sikorski in Warsaw, labor suddenly intervened. Railwaymen at Dzedzice, near the Czechoslovak frontier, refused to transport Sikorski's reinforcements to Warsaw. The railwaymen announced that if Sikorski increases his troop movements, they will proclaim a general strike. Trains are running today but are delayed.

Pilsudski's position is gaining strength every hour. Most garrisons in the country have proclaimed allegiance to the revolutionary leader. The marshal issued a proclamation today announcing that his revolution was aimed against Witos and not against President Wolciechowski. Thirty miles of railway track have been ripped up between Warsaw and Czerniewice. Pilsudski's troops today are preventing anyone from entering the city.

Pilsudski today issued a proclamation to the people of Poland explaining that the revolution which he initiated Wednesday was directed solely against Premier Witos and not against President Wolciechowski.

Sikorski's vanguard reached Warsaw Thursday evening and the battle began. Up to that time there had been no serious opposition to Pilsudski's occupation of the city.

It seemed last night that the quick turn of events meant defeat for Pilsudski, but the marshal overcame his opposition. The marshal's refusal to participate in a socialist cabinet caused the socialists at that time to refuse to call a general strike, thereby leaving the railways open for the transport of loyal troops.

Army airmen in Warsaw remained loyal to Witos, enabling the government to distribute pronouncements from airplanes.

Many contingents of troops arrived in Warsaw today to offer their services to Pilsudski. He ordered them to return to their garrisons and await his instructions.

The marshal's personal influence is soaring. A regiment of Sikorski's arriving to attack Pilsudski, was induced to turn back by the sudden appearance of Pilsudski in person.

After his occupation of Lodz today, Pilsudski ordered General Darowski taken into custody but he is

### PRIMARY ELECTION CAMPAIGN GETS START TODAY

(United Press Staff Correspondent)

being permitted to conduct the administration of the area under military surveillance.

Pilsudski controls Pozen and has stationed troops throughout the city to prevent disorders.

Precaution is being taken to prevent plundering and to protect foreigners.

Dramatic details of General Sosnorowski's suicide were revealed in Pozen today. Despite Sosnorowski's friendship for Pilsudski, the Witos government ordered him to lead his command to Warsaw to attack Pilsudski. The general refused whereupon his officers told him:

"Either we will shoot you or you must shoot yourself in half an hour." Marshal Pilsudski today installed machine guns in all public buildings to command approaching streets.

Cavalry groups of five patrolled the city. Pilsudski's troops camped in front of the foreign office, rifles stacked. Inside the building foreign Minister Romankov conducted affairs of state under Pilsudski's instructions.

Before the attack on the presidential palace, Pilsudski and Sikorski's troops were restrained by a temporary armistice. The scene was amazing as the opposing forces were stationed in a semi-circle around the palace. It was reported that the Witos cabinet members were contemplating an effort to escape shortly before Pilsudski took the palace.

### MAY LINK ST. PAUL-DETROIT BY AIR LINE

AIRPLANE PASSENGER SERVICE  
WOULD CUT OFF DAY OF  
RAIL TRIP

WILL SO SHORTEN TRANSCON-  
TINENTAL RAIL SCHEDULE,  
COAST TO COAST

By FOSTER EATON  
(United Press Staff Correspondent)  
Detroit, Mich., May 14.—Aviation and railroad officials here informally discussed the possibility of linking Detroit and St. Paul by passenger air line, to cut one day from the transcontinental "rail" schedule from Seattle to New York.

While it is understood that nothing definite has yet been decided, the interest of Ralph Budd, president of the Great Northern railway who is here attending the annual convention of the Great Lakes Shippers' Advisory Board.

The suggestion, as outlined to the United Press by President Budd, would not involve active participation of the Great Northern in the aviation business. He assumed the eastern connecting link would also merely enter into a schedule and ticket arrangements with a separate aviation company.

The proposal is an interesting one, Budd said, "but it probably will not be effected in the near future. It would mean that a passenger might buy a one way ticket from Seattle to New York, going to St. Paul by train, to Detroit by air liner, to New York by train."

"In that manner practically a full day of travel could be saved." The Great Northern, he said, would be willing to establish connections with such a line. While here Budd conferred with William B. Stout, head of the Stout All-Metal Airplane division of the Ford Motor Co., concerning the possibility of such a development. Both Budd and Stout said that so far as they knew nothing of a definite nature has yet occurred.

Henry Sherer, general manager of the Michigan Central railroad, a logical "eastern" line for such a service, told the United Press he had not heard of the proposal and was not prepared to discuss it in detail.

### PHIL LA FOLLETTE AT LINCOLN TODAY

Lincoln, Neb., May 14.—(UP)—Phil LaFollette, son of the late Senator LaFollette of Wisconsin, was in Lincoln today on private business.

LaFollette declined to state whether his mission here had anything to do with the reorganization in this state of the LaFollette independent party which has announced it will participate in the approaching election campaign.

### PAIR ARRESTED, AUTHORITIES LOOK UP BABY FARM

Peoria, Ill., May 14.—(UP)—Mrs. Mary Cramer, 41, and her husband, Joseph Cramer, are under arrest today while authorities are investigating the baby farm which it is alleged they have conducted in East Peoria, across the Illinois river from this city.

The woman has made a partial confession in which she admits having received five babies, all of whom have died. The stomach of the last baby to die is being analyzed.

Identity of the dead babies has not yet been made. Three of them, it is alleged, were taken to the Cramer woman by Dr. H. H. Whitten, of this city, whose case is being investigated by the present grand jury. He is charged with having performed illegal operations.

### IS GREAT NEED OF WORLD TODAY SAYS GOV. CHRISTIANSON

1ST CONGREGATIONAL CHURCH  
PACKED TO DOORS TO HEAR  
INSPIRING ADDRESS

CLAIMS ONE CHURCH WILL DO  
MORE TO UPLIFT SOCIAL  
FABRIC THAN 100 JAILS

The First Congregational church last night was packed to capacity with clergymen delegates to the Congregational convention of Minnesota, church members and citizens to hear Governor Theodore Christianson deliver the concluding address of interest at the convention which adjourned last night.

"The glory of Christianity is that it places a high value on the individual, recognizing the development of the individual as paramount," said Governor Christianson. "It seeks to promote in every man the desire and aspiration to grow to the full measure of his spiritual capacity. It considers society as existent for the individual, and not the individual as existent for society. It places an emphasis on human rights, commensurate only with its emphasis on human duty. It sets no specific rules to govern social contacts. It insists rather on a spiritual attitude as the best sanction of social behavior."

"It would be a futile practice to place a high value on our fellow man, if we did not couple that practice with an effort to improve his condition and enlarge his happiness," continued Governor Christianson. "Christianity cannot be selfish, else it defeats its purpose. Its essence is service, and service avails little if it is not practical. One man was immortalized as the Good Samaritan because he understood that it was not sympathy the unfortunate wayfarer needed but help."

"Christianity must furnish the mind and heart and conscience of every movement which looks toward a better world," he said. "The paramount duty of the men in the churches is to do those things that may promote a better understanding, a larger sympathy, a more cordial outlook, a better realization of fellowship among men."

"Too often the men of the churches have assumed that their obligations to society were met by acts of charity, by giving alms," he added. "However laudable such generosity may be, it serves a human purpose only imperfectly. Alms are but bandages on the wounds of the social body. It is commendable to provide bandages, but it is better to prevent wounds; it is well to alleviate poverty, but it is admirable to do something to end it. When the church has failed in the past, it has failed not so much because it did not have the vision of service as because it did not have the means of coordinating the efforts of one organization with those of another."

"The greatest need of the world today," Governor Christianson stated, "is religion—not so much religion in the church as religion in the places where the battles of life are fought. We have been trying to keep humanity from destroying itself, by enacting more laws and having more policemen and we have failed. We know that although laws may indicate that reform is being accomplished, law of itself does not bring about reform. Religion must come to the rescue, religion which is the spring from which flows righteousness, justice and well doing. One church will do more to save the social fabric than a hundred jails; one sermon will accomplish more than 1,000 laws, if the message of that sermon is carried out of the church into the world by men and women who seek faithfully and earnestly to live up to it."

The conference adopted enthusiastic resolutions of appreciation for the hospitality they had enjoyed in Brainerd, specifically mentioning First Church, the neighboring churches who had so generously as-

sisted in entertainment, the Brainerd Dispatch for the publicity given to the proceedings of the conference; Brainerd Chamber of Commerce for the delightful automobile tour.

All the delegates were very enthusiastic in their praise of the way Brainerd had taken care of them. One minister put it this way: "I have attended every meeting of the State Conference for the past six years, and I have never attended one in which every want was so fully anticipated and provided for as Brainerd has done."

Among the high lights of the conference were the conference sermon by Rev. A. M. Hanson, the addresses by Dr. Leiper, the singing by the robed children's choir from Hackensack and, as a fitting climax, the great address last night by Governor Christianson.

Officers elected by conference

The Congregational conference elected Rev. Harry Blunt, of Alexandria, as moderator for the coming year and Rev. Frederick Errington of Moorhead as conference preacher.

Three directors were elected for three years, Mrs. J. V. S. Kennedy, of St. Paul; Hugh Leach, Alexandria; President Donald J. Cowling, Northfield.

The conference adopted enthusiastic resolutions of appreciation for the hospitality they had enjoyed in Brainerd, specifically mentioning First Church, the neighboring churches who had so generously as-

### RAILROADS NO REASON TO FEAR WATER COMPETITION

Minneapolis, May 14.—(UP)—Railroads have no reason to fear waterway and highway competition, for by efficient service, they will be able to meet it on an even basis, James E. Gorman, president of the Rock Island railroad, said in an address here.

"Motor bus and truck transportation are here to stay and as long as the people demand waterway transportation, they will get it," Gorman said.

### TRACE TRAGIC "HOGAN DOLLAR" TO ITS SOURCE

REAPPEARED IN CIRCULATION  
AFTER ITS ORIGINATOR  
HAD BEEN KILLED

YOUNG HOGAN'S APARTMENTS  
IN MINNEAPOLIS ARE  
RAIDED

Minneapolis, May 14.—(UP)—The tragic "Hogan dollar" which reappeared in circulation after its originator had been killed, has been traced to its source.

Howard Hogan, son of Jim Hogan, notorious counterfeiter, who was killed in a raid on his Minneapolis plant in 1919, is in jail, accused of having fleeced the northwest with spurious dollars and half dollars.

The two year puzzle of where the counterfeit coins came from was solved through an essay by the Denver mint which established their composition as identical with that of the "Hogan dollar," having a perfect ring and feel but too light.

Secret service men and detectives kept a watch on young Hogan's apartment here, carefully examining every bit of refuse that came from it in the hope that they would find a broken plate or other counterfeiting evidence.

Finally the apartment was raided yesterday while Hogan was absent. His daughter, Betty, 10, was found guarding an oven in which plaster of paris molds were baking.

Under the oven was a pan containing new dollars and halves. Hogan was captured when he returned to the apartment. The secret service men said he admitted counterfeiting after they had threatened to arrest his wife and daughter.

The elder Hogan was killed August, 1919, when he engaged in a pitched battle with government agents who raided his plant. With his death the government thought the secret of the "Hogan dollar" had been lost, only to discover he had passed it on to his son.

In the 1919 raid, Paul Gottfried, St. Paul detective, was fatally wounded.

### TWO ANDREWS LIQUOR ENFORCEMENT MEASURES REPORTED

Washington, May 14.—(UP)—Two Andrews liquor enforcement measures were reported to the senate judiciary committee by the sub-committee which conducted the recent two weeks investigation of prohibition.

The bills which include heavy fines and sentences for law violators, restrict issuance of alcohol permits and allow retired army and navy officers to enter the prohibition service were discussed by the full committee for two hours but no action was taken. The committee will meet again tomorrow.

sisted in entertainment, the Brainerd Dispatch for the publicity given to the proceedings of the conference; Brainerd Chamber of Commerce for the delightful automobile tour.

All the delegates were very enthusiastic in their praise of the way Brainerd had taken care of them. ### DIRIGIBLE NORGE DRIFTING OVER ARCTIC SEAS

SNOW FALLING AT NOME EARLY  
THIS MORN-  
ING

HEAVILY OVERCAST SKIES IN-  
CREASE PERILS OF  
AIRSHIP

Nome, May 14.—(UP)—Snow flurries today added to the weather hazards facing the Amundsen-Ellsworth dirigible Norge, presumed drifting somewhere over the Arctic seas north of here.

At 11 A. M. eastern standard time, the snow was falling here with wind-driven force, while heavily overcast skies increased the airship's possible peril.

The barometer was falling steadily and registered 29.52 degrees at that hour.

Old timers predicted a severe storm, blowing in from the ocean over which the Amundsen expedition was believed soaring.

Radio stations were still without word from the Norge 20 hours after the first and only brief message received by the St. Paul station from the explorers' craft.

A report that the Norge had been sighted at Point Barrow, Alaska, Wednesday night was gradually growing to be doubted as it were in that vicinity at that time, the ship long ago should have reached its destination at Nome.

If the Norge is still in the air, it is approaching the point of setting a record for sustained flying. With the 75 hours it would have to its credit at 8 A. M. New York time today, it would be within a few hours of the time it took the dirigible Los Angeles to fly to the United States from Germany. The British dirigible R-34 had a record of more hours in its flight from Scotland to Minnesota, L. I., in 1919.

Possibility that in the previously unexplored region between the north pole and the Arctic coast of Alaska, Amundsen and his companions had discovered land was gaining consideration today. Should land be sighted it was considered probable an attempt to stop and explore it would be made. This could be done even should it force the explorers to resort to the expediency of dropping a man with landing lines overboard in a parachute.

Even though he has not landed, it was believed he might be cruising over the unexplored territory, checking observations and studying from the air the water or land—whichever it may be—which he could see below him.

Another possibility was that he had decided to return to Spitzbergen. That was considered remote, yet in Oslo it was reported he had said he might do so, should he deem it advisable after making the flight over the pole. In that case it would be probable that no word of the ship could be picked up by Alaskan radio stations.

### "WASHING IS A MAN'S JOB, NOT A WOMAN'S"

J. CLAIRE STONE, PRESIDENT OF  
AMERICAN LAUNDERERS,  
MAKES ANNOUNCEMENT

SAYS AVERAGE WOMAN HAS A  
MISTAKEN IDEA OF A PUB-  
LIC LAUNDRY

Milwaukee, Wis., May 14.—(UP)—"Washing is a man's job, not a woman's."

This is the opinion of J. Claire Stone, St. Paul, president of the American Institute of Launderers, who is in attendance at the Four State Laundry Owners' convention being held at the local auditorium. "The average woman has a mistaken idea of the public laundry, resulting from years of perverted impressions," Stone said in an interview with the United Press.

"It is my opinion that the woman who visits a laundry of today will return with an entirely new perspective. Laundry owners of today are doing everything possible to better their service as they realize their first duty is to the public."

## A GLOWING HONOR ROLL

At the time of the Chamber of Commerce meeting last Wednesday, the chairman of the publicity and convention committee had amassed 20 cars to provide transportation for the Congressional conference to the lake region. Then George D. LaBar appeared and said the number of delegates had been swelled to 160 and so the rush for cars started.

With three girls telephoning and others assisting in a personal canvass, 48 cars were pledged, amply sufficient to take care of the convention tour. Not all of the cars were required and those not used were quickly released and returned.

Those pledging automobiles were Walter M. Murphy, E. F. Gates, Mons Mahlum, George D. LaBar, D. C. Gray, O. A. Peterson, Wm. Spencer, D. E. Whitney, G. W. Chadbourne, Fred W. Wieland, C. W. Hoffman, R. R. Gould, W. C. Cobb, Wm. V. Turcotte, S. R. Adair, George Erickson, Henry I. Cohen, Dr. W. A. Erickson, E. J. Quinn, Bert Orne, W. H. Cleary, George Lowe, R. T. Campbell, A. C. Ebert, Fred Lind, Mrs. C. D. McKay, Peter Wolvert, J. E. O'Brien, D. D. Schrader, Chris Kolias, Imgrund garage, Mayor George A. Cain, Tyrholm Company, Auditor Miller of the Standard Lumber Co., R. E. Wyatt, Mal Clark car driven by Art Lagerquist, Asher Taylor, J. A. Wilson, Andy Smraker, John M. Bye, Brown & Miller, O. B. Johnson, Walter F. Wieland, Carl Wright, Dr. A. K. Cohen, C. N. Erickson.

The Chamber of Commerce is grateful to all the citizens assisting in making the tour a delightful one. A tie was recorded in the W. H. Cleary and D. D. Schrader cars which were the first to finish the round trip. The drivers and the delegates were given printed slips revealing route and points of interest from Brainerd along the Merrifield road to Breezy Point, thence to Pequot and Grand View Lodge and back to Brainerd. The tour started on the dot, at 4 p. m. and the delegates were returned in time for the banquet.

Cooperation as shown by the citizens enumerated gave the Congressional delegates a glimpse of the beauties of the lake region adjacent to Brainerd and memories of the same will be treasured for a long period by all the delegates who took the jaunt.

Some of the delegates also stopped off at The Northwest Paper Co. mill. The moderator of the conference, Lay Delegate T. H. Colwell, conducts a large printing business in Minneapolis, and was especially interested in the paper manufactured in Brainerd.

As a high flier and a consistent flier, Lieutenant Commander Byrd did not belie his name.

## Concerning Police Appointments

Editor Brainerd Dispatch:—

In reply to Alderman Wesley's statements in your paper of the 11th inst., I would like to ask as to what were the precedents established in previous administrations as to residence of police appointments? No regard seemingly was paid as to the length of time that the men appointed had lived here, and we heard no complaints. Now as to rejected appointments by the council of the mayor, I will say that Mr. Cox has an honorable discharge as an U. S. marine, and in the U. S. law they would have to pay him if he served as police officer regardless of their approval, and further Mr. Cox has

been here over three years and is a good clean man with police experience, and married a Brainerd girl born and reared here. Mr. Kusky has lived here for years, and is a man of clean moral character with police experience. Mr. Hunt is a man of good standing and two years of police experience in Iowa. Mr. Blackmore has been here at least a year and is a former municipal judge in Illinois and of large experience in law enforcement, and has been of great service to Mayor Cain in his efforts at law enforcement. Now, Mr. Wesley, what excuse have you for not endorsing these men, or for not paying the following for their services: Mr. Cowles, Mr. Tesdall, Mr. Wolford and Culver Hayes. They all live here, some of them born here and they needed employment.

The police department today consists of two men under pay and the chief whom they refuse to pay, and

everybody that knows our chief knows that he is one of the best officers that Brainerd has ever had, clean, fearless and honest, and is working from ten to twenty hours a day trying to enforce the law and give us a city fit to bring up our children in. Mr. Zierke deserves

the patronage, help and support of the community. Our present administration patrols the city nights, use their own cars, furnish their own gas, and their bills are rejected. Why is this, and what is it for? The great wonder to me is that under the circumstances that our city

is kept as free from crime as it is. How about Philadelphia, where they imported a Mr. Butler from the marines for the head of their police department, and the council turned down a marine here for the same job. More anon.

J. M. HAYES.

The Fitch Shampoo is crystal clear. Every particle is soluble in water and can easily be rinsed out. After a Fitch Shampoo there is no necessity for an acid rinse which tends to dull and discolor the hair.

Make your next shampoo a Fitch. Buy a bottle at any toilet goods counter or write direct to the F. W. Fitch Co., Des Moines, Ia., for a trial bottle. See for yourself how beautiful your hair can be—know the joy of a really clean scalp. If Fitch's isn't all we say, take it back and your money will be refunded.

## BRAINERD'S OLDEST STORIES OF TODAY

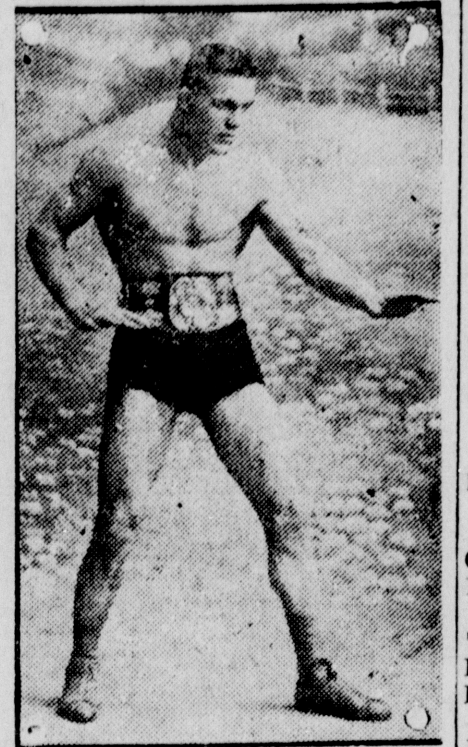

Mail is pouring into the county treasurer's office from every state in the union. Letters from Keno City, Yukon territory, and Honolulu, Hawaiian Islands, came in the same mail. Kipling's famous saying is refuted as letters from Terra Bella, California, and Steep Falls, Maine, arrive in the same mail.

## MARCONY MEETS WAINO KETONEN FOR MAT TITLE

MATCH TO TAKE PLACE AT THE  
GARDNER AUDITORIUM  
MONDAY NIGHT

DAN BROWN OF CHICAGO MEETS  
HARVEY RICE OF CROSBY  
IN SEMI-WINDUP

In the wrestling match Monday evening, Tony Marcony is achieving the goal he has sought for several months—the privilege of bringing to Brainerd fans a championship match, a match that will be of such high quality as to eradicate the last of the doubting Thomases. Marcony in the past has put on several mat exhibitions and has endeavored to give the fans their money's worth. Believing that he has secured the

Tony Marcony

support of the local fans, he has now secured a match with the present lightweight title holder, Waino Ketonen, a Finn. Brainerd is very fortunate in being able to witness a match of this calibre in the home town and it goes without saying that those with real sporting blood in their veins will be on hand. The set-to will be best two out of three falls to a finish.

In the semi-windup, Dan Brown of Chicago, will meet Harvey Rice of Crosby. Mr. Rice is well known on the range for his mat ability and Dan has wrestled several times here before on the same programs which were headlined by Marcony. These boys weight about 140 and are very fast and clever.

In the preliminary, Fred Gilmore, local artist, 180 pounds, will meet Sailor White, 190 pounds, of Grand Rapids, champion of the navy. Mr. Gilmore is well known locally and it is assured that he will give the Sailor a great tussle.

Sande & Ande are the promoters. They stated today that the seats are going fast, with indications of a record crowd.

Dr. A. A. Steinfeldt will referee all the matches.

## Egbert Van Alstyne Noted Song Composer Here Sunday in Person at New Park Theatre

Brainerd is still reading avidly, in the newspapers, of the comings and goings of Irving Berlin, a king of "Tin Pan Alley," and his bride, a New York heiress, now on their honeymoon.

And, at the same time, is entertaining another king of the same alley, one almost as famous in the person of Egbert Van Alstyne, featured at the New Park theatre Sunday matinee and night.

Mr. Van Alstyne's appearance is the signal for a number of surprises. First, that he should appear here at all. A contract with Finkelstein and Ruben which he is keeping, explains that however.

Another, and perhaps the biggest is that those whose fathers and mothers sang "In the Shade of the Old Apple Tree," and who expected to see an older man, will be introduced across the footlights to a gentleman of markedly youthful appearance.

Mr. Van Alstyne with the assistance of his two harmony singers, Clem Dacy and Hal Boland, will offer Brainerd theatre patrons some of his latest popular song ballads Sunday.

## Watching the Scoreboard

Yesterday's Hero—Babe Ruth, Yankee slugger, who made four runs, two of them on homers and batted in four other runners in New York's 13 to 9 victory over Cleveland. Joe Dugan, Yankee third baseman, split a finger and may be out of the lineup for a week.

Joe Bush won his first game in a Washington uniform, when the Senators beat St. Louis 6 to 2.

Travis Jackson, Giant shortstop, injured his knee severely, making costly New York's 12 to 1 victory over St. Louis. Jackson may be out of the game several weeks.

Hal Carlson held the Pirates to five hits and scored a shut out, the Phillies winning 6 to 0.

The White Sox stopped the nine game winning streak of the Athletics, taking a 10 to 2 encounter.

Five errors by the Red Sox helped Detroit win a 13 to 10 game.

Piechich and Mays contributed triples which helped Cincinnati win from Boston 4 to 1.

After the Colonels had taken an early lead the Millers fought an uphill game to a 4 to 3 victory. The Millers tied the score in the 9th and won out in the 10th.

Yoter's fluke home run in the seventh enabled the Indians to cop from the Saints, 2 to 1.

McCullough held the Kaws to six hits, the Hens copping the final game of the series 3 to 2.

Rain at Columbus prevented the Brewers-Senators game.

## KENTUCKY DERBY OPENS TOMORROW

52ND ANNUAL EVENT TO BE A  
GALA AFFAIR

LOUISVILLE PUTS ON NEW AND  
BRIGHT RACING

By FRANK GETTY

(United Press Staff Correspondent)

Louisville, May 14.—The whistling of steamboats on the Ohio river, the hum of airplane propellers over Bowman field and rush of special trains at Louisville's terminals told today of the arrival of tens of thousands who will witness the running of the 52nd Derby Kentucky tomorrow.

Louisville put on new and brilliant raiment on the eve of derby day. As a sleepy derby dozing in the shade of a summer day is awakened to sudden activity by the blare of jazz music, the city's pulse was quickened and dances to a derby tune.

Excited horse lovers, bandying ties and tossing the chaff of rumor to the winds, choke the sidewalks, lobbies and restaurants. Newsboys and touts cry their wares in ear splitting uproar.

Breezing at daybreak around the oval at Churchill Downs a dozen derby eligibles, pick of American three year old horseflesh, put finishing touches to their training. Two of the starters, the ill tempered display, winner of this year's preakness, and Rockman, a dark horse from the east, were called upon for sharp three quarters, but most of the thoroughbreds were held to short canter.

Pompey is favorite, W. R. Coe's two year old champion of 1925, is the pick of the experts to show a pair of flying heels to the derby pack as it thunders down the stretch. Unless Kentucky loyalty swamps the mule machines tomorrow afternoon, the New York colt will be the public's choice at odds of less than 3 to 1.

Bubbling Over, Colonel Bradley's fleet home bred, now stands as second choice and the Paic heads a field of 14 probable starters representing in equal numbers the east and the west.

The westerners, besides Bubbling Over, are Baggenbaggage, Rhinock,

"The New Klondike," Thomas Meighan's latest Paramount production, which arrives at the New Park theatre today for a two day run. It is a story which brings in the atmosphere of the Florida real estate

boom, with that of a baseball training camp. Scenes are laid around a small Florida town where the team is parked, and the hectic excitement of the boom resorts.

Meighan is a baseball player who, on reporting for training, is told that he has outlived his usefulness so far as baseball is concerned. He quickly recovers from the shock and stumbles into a real estate deal. Turning several pieces of property over, he skyrockets to prosperity.

## TRADE AREA OF BRAINERD

Dr. Malcolm Dana Uses as His Topic "The Way Out"

Says Conditions are Favorable to Fundamental Religiousness

Speaking on "The Way Out," at the First Congregational church Wednesday evening in the Congregational conference program, Dr. Malcolm Dana, director of the Town and Country Department of Congregational Extension Board spoke as follows:

This address is a "curtain raiser" preliminary to, and as a background for the address of Dean Coffey which is to follow. I am here to night as a field specialist engaged in a study of conditions in the Brainerd area with special view to religious conditions. My object is not logical argument. I wish to make and impart and create an impression in the matter of the sheer immensity of the agricultural enterprise in Minnesota and the Brainerd area—in order to see whether religious enterprise is abreast of the game.

"The church cannot be considered apart from the agrarian movement, it is enmeshed in it. Rural religion and the country church can be vital, and it the center, if they will—or abide at the far circumference of things. The former demands learning and then facing the facts of the situation. For after all, the facts of the community must be the law of the church and the only correct method is that of "from survey to service."

"In general, my query is this. Is religion and the church abreast of what is going on about it in agricultural enterprise. The modern farmer cultivates every foot of his domain. He analyzes his soil to know what crops to put in and studies the breeds to know what ones to use. His methods are scientific, his implements modern, and his management business like. He uses technique. His aim is high grade stuff which only pays since God Almighty never meant "scrubs" to be in herds any more than amongst humans. Fewer farmers are being required on the soil in an age of machinery and scientific farming. That is going to be so in the realm of religion and the church of the country. Both must evolve a technique, use machinery, equipment and methods which will compare with any in worthwhile results.

"The query is, Does the rural church and religion know its field in an expert way? Do they carefully analyze the needs and opportunities about them in order to devise methods to meet them? Are they constantly adjusting themselves to new changing conditions? Is the man-

age hip of religion and the church abreast of "big business" and agriculture? Is the aim of all effort really and honestly "Kingdom interests" with the church only a means to that end.

"Now for the facts of the community, results of a survey which may indicate service. The Brainerd area or "trade-zone" which really amounts to the whole of Crow Wing County.

"Conditions are favorable to fundamental religiousness. The region is 53.5 per cent rural as over against 46.5 urban—Brainerd and Crosby being the only two centers of urban significance. The population of native white parentage is 79.6 and new American 20.3.

"In point of education conditions are ideal. 115 school districts, 160 high-graded elementary teachers, 94 rural teachers. 96.1 per cent of the children between the ages of 7 and 13 are in school, 86.4 of those between fourteen and fifteen, 40 per cent between 16 and 17 and 13.00 between the ages of 18 and 20. The illiteracy showing is a matter for pride. Of persons over ten years of age only 259 out of 13,506 are illiterate. This is a percentage of 1.4 percent as compared with 2.7 percent of illiteracy in 1910. It surpasses the state record of 1.8 percent and the United States percentage of 6 percent.

"In agriculture the trend is in the right direction. The number of farms have increased with a decrease in tenantry and corresponding increase in farm ownership. 81.6 per cent of the farms are operated by farm owners as against 17.4 by tenants. There is also a decreasing farm mortgage situation. In the matter of gains in farm assets the figures are tremendously significant. The increase in value of land in farms, value of farm buildings, implements and machinery, live stock—the gains are 51 percent, 140 percent, 150 percent, 120 percent respectively.

"Agencies at work for community betterment are of the best. The

county agent work is most significant—with 300 children in its various clubs, 20 farm bureau clubs, and one-half of the farm women in sewing clubs, etc. The Scouts are active, a fine Y. M. C. A. and a Sunday school union secretary. All are under exceptionally fine leadership. The Commercial club of Brainerd is alert and the Rotary and Lions doing active work in many directions.

"When religious conditions are faced the showing is not good. Brainerd has 20 churches, 13 denominations and 15 resident pastors. While there is some regular out-station work done, which might justify an over supply of ministers and churches, the latter is irregular and unsystematized. The farm attendance on local churches is not proportionally large.

"The "way out" will appear more clearly in specific recommendations made at the Rural Life Clinic. General—religion must be made as enterprising in its vigor and out-reaching qualities as other movements for the public good. In its technique, its equipment and its methods, it must be as up to date as is the agricultural enterprise with which it must stand daily comparison. There is an indifference, and lack of a "felt want" for what the churches have to give—although this does not discount the religiousness in and beneath the various farm enterprises like the club work and work with the children. People get pretty much what they want. Then religion must study to see what is wanted and then supply it of a kind which can be used and which will be welcome. There must be more intermingling between the people at the centers and those living in the open country, "acquaintance making on a large scale," and an acquired understanding each of the other.

"Community" must not be limited to the centers, but the "trade zone," which is practically the whole county, must be the subject of community enthusiasm, pride and a desire for economic, social and religious betterment.

AIRPLANE THIEF DEVELOPMENT IN AERONAUTICS THREE RECRUITS FILCH PLANE FROM FORT SNELL-ING WERE SO AMATEURISH THEY GOT BUT 40 FEET FROM GROUND

St. Paul, May 14.—(UP)—It had to come—the airplane thief. Fortunately the three recruits who filched a plane at Fort Snelling were so amateurish they got it but 40 feet above the ground before they crashed back to earth.

Herbert Weir, and Labon T. Eeds of Little Rock, Ark., and Shubert Knapp, of Stillwater, Minn., are in the guardhouse today, Knapp with a bullet in his shoulder and all three sadly agreed they would never do it again, although, they added, it was fun while it lasted.

The trio were awaiting assignment to a company, having arrived at the Fort just this week, and the sight of a civilian plane in a nearby field was an inspiration.

The plane wobbled into the air, one wing low, bucking like a broncho, then slid off the wing and crashed with the motor full on. Shubert, the pilot, poked his head through a wing panel and sped after his fleeing companions, but a bullet from one of three guards who saw the incident brought him low and halted the other two.

The two innocents from Arkansas, who had allowed the Minnesotans to take them up, allow that "Mebbe that boy didn't know nothin' about flyin'."

Shubert, however, is positive that he didn't.

Brainerd Building & Loan Association \$25,000.00 STOCK SALE During May and June

The Brainerd Building and Loan Association was organized in May, 1922, with the sole purpose of building up Brainerd, "Our City," and assisting our people in building and owning their homes. We want a city of home owners.

It is a co-operative association, only one of its officers receiving a small salary. It offers a safe investment, and pays a fair return. For the first two and a half years it paid 6 1/2%, and has since paid 6 1/2%.

Twenty-nine citizens are now acquiring homes under its plan, and \$55,000.00 have been added to the property value of our city.

Shares of stock will be sold in amounts of \$100.00 and up. Dividend checks are sent to investors in January and July each year. Its stock is not taxable. The real estate pays the tax. Every dollar is spent for labor and material in Brainerd. We recommend it to our friends.

STOCK MARKET IRREGULAR

New York, May 14.—(UP)—The

stock market moved irregularly today. High lights were the disappointment over the lack of market excitement, of the generous General Motors dividend, and money in plentiful supply. Railroads were reported to be principal buyers in the steel industry. Oils stood out as firm spots with good buying of Marland reported. Nash maintained its firm stand around 54.

Junior Steel stocks under liquidation with Republic Iron and Steel, a decidedly weak stock at 44 1/4 and Gulf States Steel 64. International T. and T. and Colorado Fuel and Iron were firm. General Motors received good support around 125 although it actually broke through to 124 1/2 for a short while.

FORMER BANKER SUMMONED FROM HIS PRISON CELL

Wabasha, Minn., May 14.—(UP)—Edwin J. Sylvester, former president of the Plainview State bank, was summoned from his cell at Stillwater yesterday to appear before Judge Charles E. Callaghan, in district court here for further arraignment on charges growing out of the failure of the bank.

Sylvester who pleaded guilty to the charge of receiving deposits in a bank he knew to be insolvent and

was sentenced to 10 years imprisonment, will face more charges against him, according to County Attorney John R. Foley.

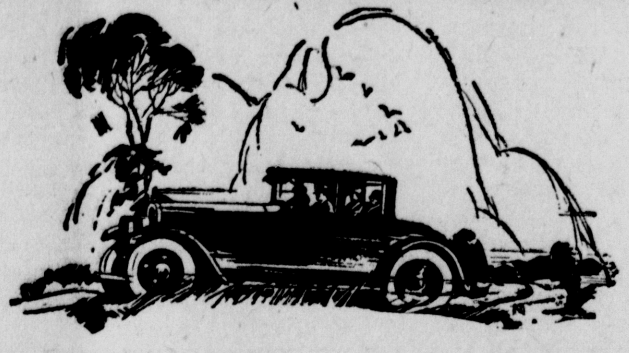

Additional indictments will likely be returned by the grand jury which is now making investigations of the bank's affairs, according to Foley.

JOHN T. KING DIED AFTER A SHORT ILLNESS

Bridgeport, Conn., May 14.—(UP)—John T. King, former republican national committeeman from Connecticut, died at his home here shortly before midnight after a short illness.

He was under federal indictment in New York with former Attorney General Harry M. Daugherty and Thomas Miller, former alien property custodian, for conspiracy in the American Metals case. He also was under another indictment charging perjury in his income tax return.

For 20 years King ruled the republican organization in Connecticut. He was a close friend of the late Theodore Roosevelt and in 1920 was one of the managers of Leonard Wood's campaign for the republican presidential nomination. Later he switched to Warren G. Harding. The change to Harding was in time to play an important part in the nomination. He was born in Brooklyn in 1875.

Looked Like Peterson Would Have to Quit Job

And Karnak Is All That Kept Him There, Says Minneapolis Man—Put Him In Pink Of Condition When Nothing Else Would Help.

"I tell you, I sure did suffer before I got Karnak, but this medicine has made a well man of me and put me in the pink of condition," declares A. W. Peterson, of 20007 13th Ave., S., Minneapolis, Minn.

"Why, the past year I was in such bad condition I didn't know what to do," continues Mr. Peterson. "I couldn't afford to quit work, but I knew that I wasn't going to be able to hold out much longer if I didn't find some relief.

"I had such terrible pains in my stomach right after meals they would just almost double me up. My liver was so out of order that I had awful dizzy attacks, and there was

awful pains in the region of my kidneys. I just got so weak at times I had to lie down. I didn't know what it was to get a good night's rest, and mornings I was so miserable I could hardly get out of bed and dress myself.

"I couldn't get a bit of relief till I read how Karnak had fixed a Minneapolis man up so fine and began taking this medicine myself. It was the best investment I ever made. Three bottles have just fixed me up so I can eat anything I want, and I don't have an ache or pain in my body now. Nights I sleep like a log, and I've gained eight pounds, and am in such fine condition I don't know what it is to feel tired out any more. Why, I come home from work now and play with the children and take my family to the movies. Believe me, Karnak will sure fix you up."

Karnak is sold in Brainerd by all good drug stores, and by leading druggists in every other town. Adt
